Subject: Declaration of compliance – hygiene papers for personal hygiene

So far no specific, EU-wide or national legislation for hygiene papers for personal hygiene has been adopted.

According to Article 5 of Regulation (EU) 988/2023 on general product safety (GPSR), economic operators may only place or make available on the market safe products. To ensure that Article

273341 Paredes 24x23 ply white b => DE/004/196

fulfils the legal requirements, the following regulations are complied with regardless of whether WEPA is manufacturer within the meaning of the GPSR or merely manufactures on behalf of others:

When selection raw materials we orientate on requirements for materials and articles which are intended to come in contact with food: WEPA uses only raw materials which comply with requirements laid down Recommendation XXXVI. Paper and board for food contact of German Federal Institute for Risk Assessment (BfR).
Furthermore hygiene papers for personal hygiene are periodically checked according to BfR-Guideline for evaluating sanitary papers. Until now samples always comply.

Kind regards
WEPA Professional GmbH
